GitHub Url : <https://github.com/krishnasainithin>

## Personal Skills

Time Management  
Team Work  
Self Confidence

## Professional Skills

Python Programming

C Programming  
Java Programming  
HTML, CSS, JavaScript  
Database Management Systems  
Django

## Coding Profiles

Codechef  
Hackerrank  
Leetcode

## Internships

### Python Development

**Organisation:** Code Clause

**Period:** April 2023 - May 2023

**Description:**

During internship, I had the opportunity to work on three exciting projects like Music Player, Calculator and Speed Typing Test. The Internship has been a transformative experience, allowing me to apply and enhance my Python programming skills in a real-world.

## Projects

### TextScanX

**Description:**

In this project I used Django framework to develop a web application for Optical Character Recognition (OCR) through tesseract that enables users to upload images containing text, extract the text from the images, and display the extracted text for further processing.

### Info Bot IARE

**Description:**

In this project I used HTML, CSS and Javascript to make a webpage which is College Administrative Chatbot that aims to enhance the overall administrative experience within the Institute of Aeronautical Engineering (IARE), it provides information about college.

## Extracurricular Activities

Association for Computing Machinery(ACM) Member

**Place:** HYDERABAD

**A. KRISHNA SAI NITHIN**
